INNOVATIVE LIFTING SOLUTIONS

Model#: TR-07

Turf Rail
7,000 lb. lifting capacity

Turf Rail for 2-Post Lifts

The Turf Rail is an attachment for two post automotive lifts, designed to pick up turf and all terrain equipment by wheel engagement.

The patented system has two rails that engage onto the height adapters of most two post symmetric designed lifts and then two adjustable trays attach to the rails and are fully adjustable from wheelbases ranging from 26" to 116".

*pre-production model shown, production model may vary slightly.

Features & Benefits

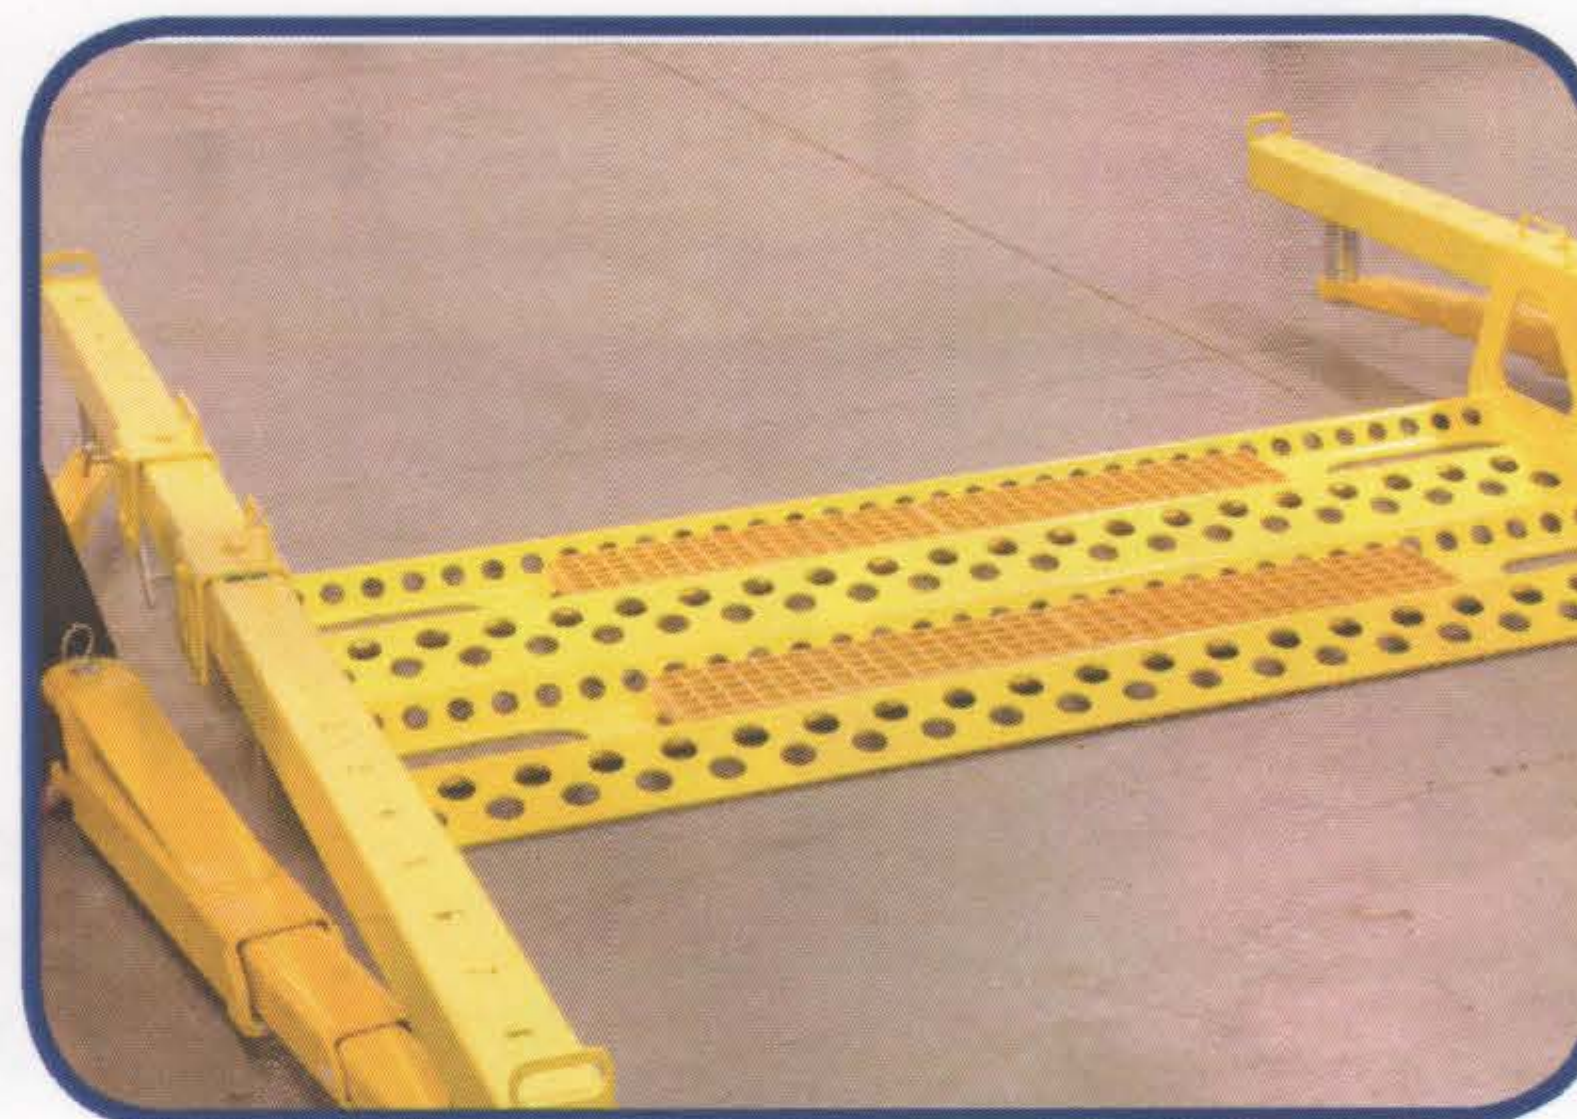

- Fits most surface mounted two post lifts.
- Easy installation in as little as two minutes.
- Takes less valuable shop space than 4-post lifts.
- Patent pending rail system allows adjustable wheel bases from 26" to 116".
- Full under vehicle access.
- Quickly converts to turf lift or back to arm engaging lift in minutes.
- Offers maximum flexibility to service cars, light trucks, turf equipment or golf carts all on the "Turf Rail".
- Lift capacity up to 3,500 lbs. per tray

Model Number	TR-07
Drive Over Height over tray	3.25 in. (82.5 mm)
Max Tire Diameter	50 in. (1270 mm)
Max Track Width (outside of tire)	89 in. (2261 mm)
Min. Wheel Base	26 in. (660 mm)
Max Wheel Base	116 in. (2946 mm)
Clear height under tray (CL10V3)	66.75 in. (1695 mm)
Clear height under tray (LE10)	66.5 in. (1689 mm)
Clear height under tray (SA10)	66.75 in. (1695 mm)
Total Lift Capacity**	7,000 lbs. (3175 kg)*

* Lift capacity ratings are based on loads equally distributed on lifting rails and trays. ** 3,500 lbs. per tray
